## tcpa membership join today

The Town and Country Planning Association is an independent charity campaigning for the reform of the UK's planning system to make it more responsive to people's needs and aspirations and to promote sustainable development.

The TCPA occupies a unique position, overlapping with those involved in the development industry, the environmental movement and those concerned with social justice. The Association prides itself on leading-edge, radical thinking and problem-solving.

The TCPA puts social justice and the environment at the heart of the policy debate and inspires government, industry and campaigners to take a fresh perspective on issues such as planning policy, housing, regeneration and climate change.
